

# Bigger. Stronger. Safer. **COMPARE**

Ms.Carita SafeTruck has been the industry leader in OVERSIZE products for the Heavy Haul Industry. When it comes to Over Dimensional banners or signs and Safety Flags too, we have the best quality in the business. We also have the widest variety of products to choose from for a specific application or region. Our skilled technicians use only the best materials and can also build customized products for those hard to fit applications. That's what we do.

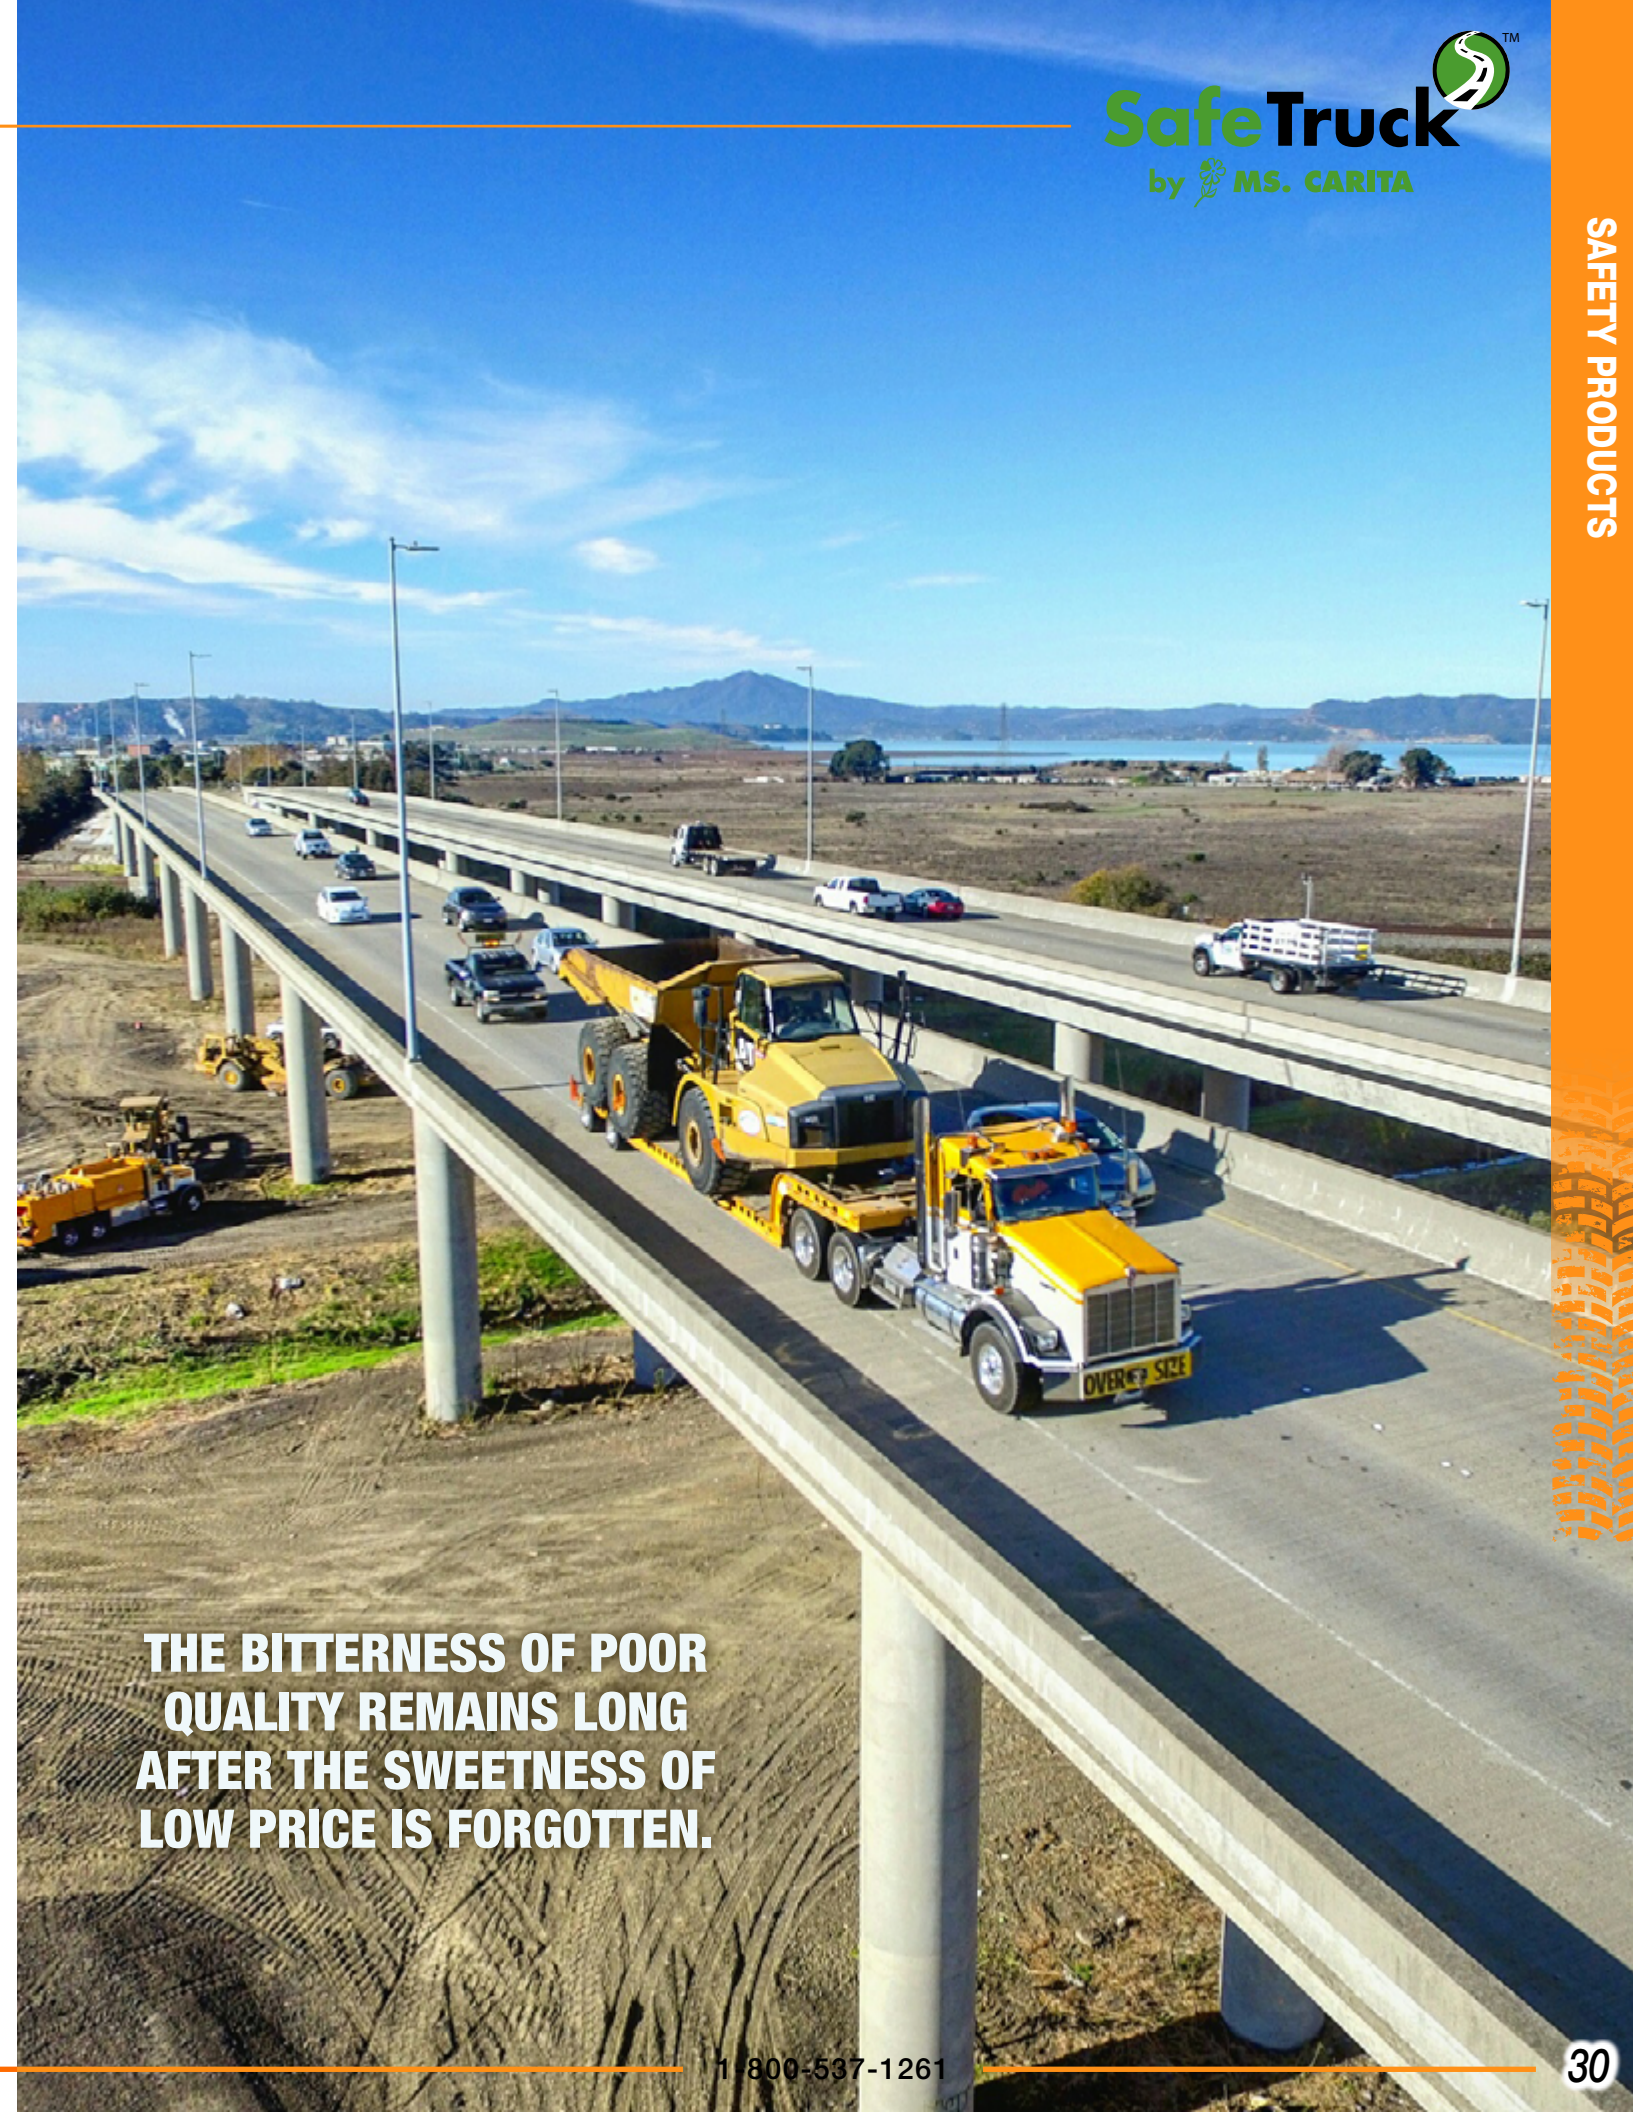

There are many companies that have tried to copy our products none have been able to compete. Oh they might make one or two items but their quality pales in comparison. We set the industry standard forty five years ago and no other line has even come close.

Below are just a few quick comparisons. Please visit our website for more comparisons that separate us from them.

Thicker edge binding, always double stitched, and heavy duty grommets.

	<b>Safetruck by Ms. Carita</b>	<b>Competitor #1</b>
<b>GROMMETS</b>	#5 toothed, set with 90-lbs of pressure through two layers of material	#3 toothed, set through a single layer of material
<b>STICHING</b>	Reinforced Double stitching	Single stitching
<b>MAGNETS</b>	Epoxy filled for stronger product	No epoxy filling, allows magnets to crack and fall out
<b>MESH MATERIAL</b>	12 yarns per SQ/IN 30% stronger material Visible in all lighting conditions	9 yarns per SQ/IN Difficult to see in many conditions
<b>INK</b>	High quality printing on banners Does not bleed through	Poor print quality Bleeds through
<b>BUNGEEES</b>	Heavy duty 3/8" bungees	Low quality 1/4" bungee
<b>STAFF FLAGS</b>	Sewn pole pockets for a better, stronger flag	Material rolled around staff & stapled, high chance of failure

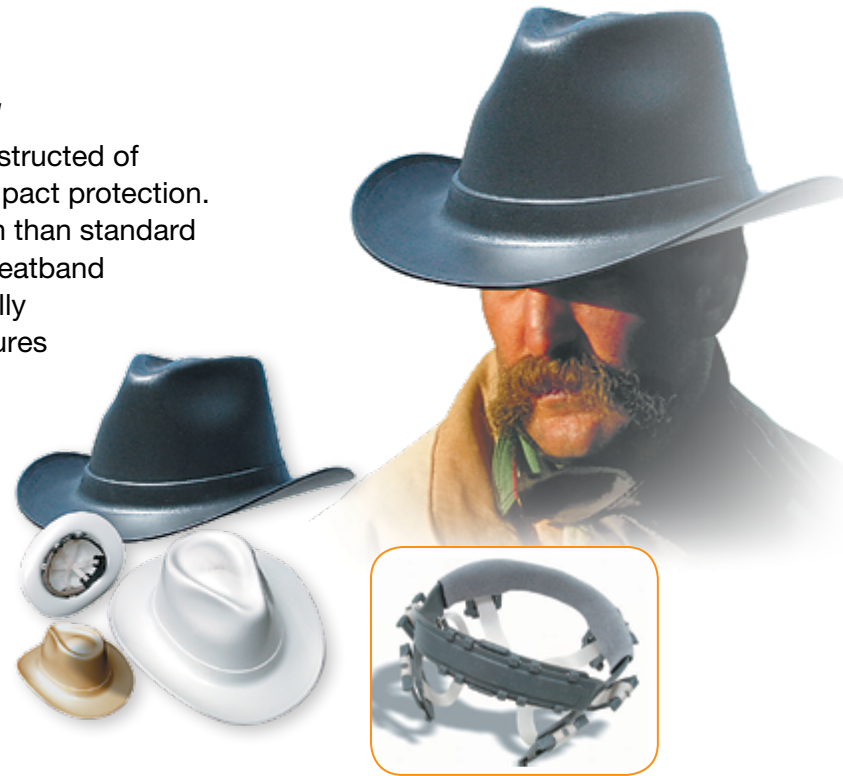

**THE BITTERNESS OF POOR  
QUALITY REMAINS LONG  
AFTER THE SWEETNESS OF  
LOW PRICE IS FORGOTTEN.**

**COWBOY STYLE HARD HAT WITH SQUEEZE LOCK SUSPENSION**

Stylish and comfortable, these hard hats are constructed of high-density polyethylene to provide excellent impact protection. The extra wide brim provides more UV protection than standard or full brim hard hats and a plush cotton terry sweatband inside the hat helps to keep you dry. The hat's fully adjustable 6-point squeeze lock suspension ensures a precise, secure fit.

- Meets ANSI Z89.1-2003, Type 1
- Class E, G, and C

PRODUCT	DESCRIPTION
MSVCB100 Black	Cowboy Style Hard Hat
MSVCB100 Tan	Cowboy Style Hard Hat
MSVCB100 White	Cowboy Style Hard Hat

**LOW PROFILE HARD HAT**

- Low profile design with rain trough on sides and back of helmet
- Shell constructed from High Density Polyethylene materials
- Cap style available with 4- and 6-point nylon suspensions
  - Snap Lock suspension features "tuck away" adjustments for all day, hassle free wear (White, Yellow and Blue)
  - Ratchet suspension is easy to adjust and allows the wearer to modify the fit (Hi-Viz Lime and Hi-Viz Orange)
- Replaceable cotton sweat band
- Exceeds ANSI Z89.1-2009, Type 1, Class C, G and E, CSA Z94.1-05

PRODUCT	COLOR	STYLE
HP14131	Hi-Viz Lime	4-Point Ratchet Cap Style

HPTRBAN Replacement Sweatband

**PLUSH FLEECE WINTER LINERS**

This 3-IN-1 Plush Fleece Winter Liner is made of 100% Polyester Fleece. Adjustable Design. Can be worn several ways. Traps warm air to keep head, face, nose, ears and neck warm. Drawstring for tightening helps block wind tunneling. Large opening around eyes won't interfere with visibility.

P/N: MS1070-01

**SAFETRUCK LEATHER GLOVES**

Protect your hands with SafeTruck Leather Gloves. Sewn from heavy side-split leather, the best wearing portion of the hide, these gloves also boast 10-oz. heavy cotton backs to ensure they last.

P/N: 11181LTXLG X-LARGE

**SAFETRUCK HI-VIZ GLOVES**

Wear these lined gloves at night or in low visibility conditions. Knuckle straps reflect light at extreme distances. 3M Thinsulate® lining traps warm air, wicks perspiration. Pigskin palms stay soft, even when wet.

P/N: 2082XLU - X-LARGE

**18" x 18" STOP/STOP AND STOP/SLOW PADDLES**

Ideal for traffic control and pilot cars. Stop/Stop paddles are great for crossing guards and are required on all school buses. Made from lightweight plastic.

PRODUCT	DESCRIPTION
SS100	18" Paddle (Stop/Slow)
SS101	18" Paddle (Stop/Stop)

Printed on both sides.  
Made from lightweight plastic.

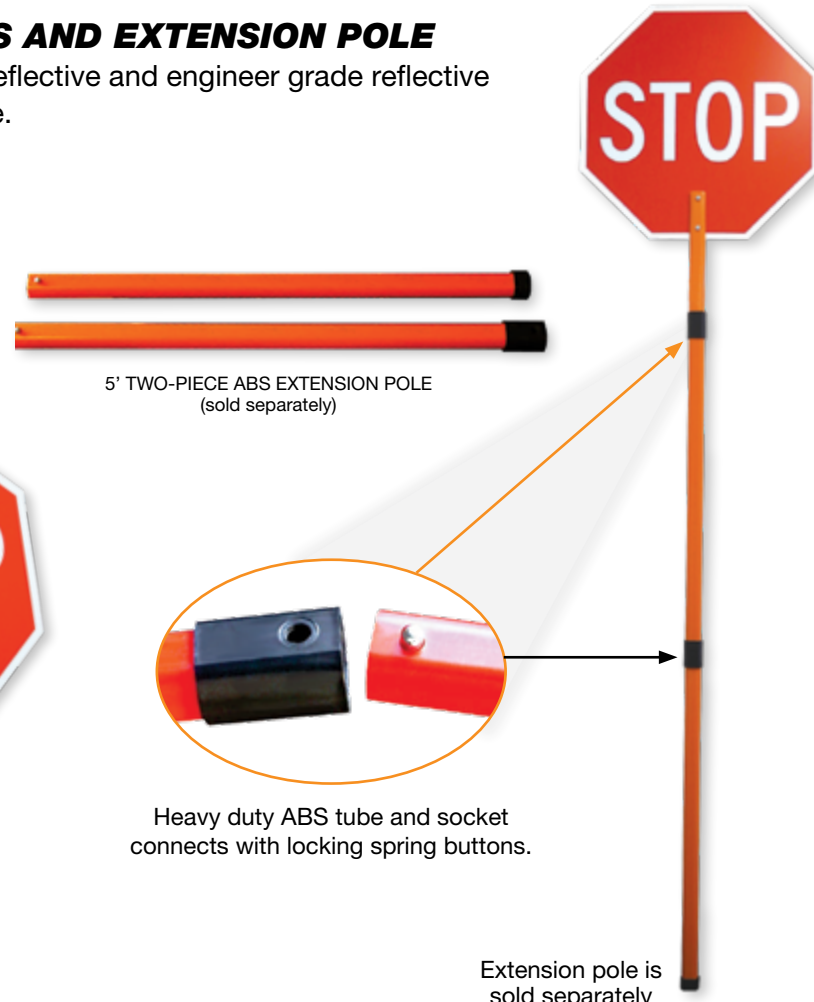

\*Threaded plastic handle for adding extension pole.

**24" x 24" STOP/SLOW PADDLES AND EXTENSION POLE**

Made of a rigid plastic substrate with non-reflective and engineer grade reflective surfaces. Features a 12" ABS plastic handle. 5-foot extension handle available.

PRODUCT	DESCRIPTION
SS200	24" Paddle (Non-Reflective)
SS200R	24" Paddle (Reflective)
SS202	Extension Pole

5' TWO-PIECE ABS EXTENSION POLE (sold separately)

Heavy duty ABS tube and socket connects with locking spring buttons.

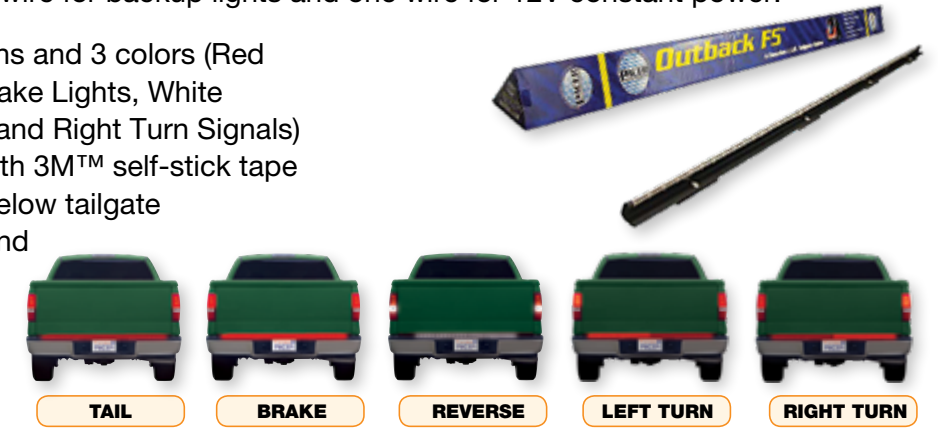

Extension pole is sold separately

**OUTBACK F5 5-FUNCTION LED TAILGATE LIGHT BAR**

The LED Tailgate Light Bar mounts easily into the space just below the tailgate with 3M™ self-adhesive tape. Setup includes a six wire hook-up with a flat 4 connector that plugs into the trailer light connector. Requires one wire for backup lights and one wire for 12V constant power.

- High visibility with 5 functions and 3 colors (Red Running/Tail Lights, Red Brake Lights, White Backup Lights, Amber Left and Right Turn Signals)
- Easy installation, mounts with 3M™ self-stick tape
- Fits neatly into space just below tailgate
- Applications for domestic and foreign vehicles
- 60 inches long
- No drilling required

P/N: 20-803

**HI-VIZ SEAT BELT COVER**  
*Be Visible, Be Seen!*

Show your seat belt is on from a distance while driving or operating machinery day or night with SafeTruck's Hi-Viz Seat Belt Cover.

Ensure your seat belt is seen with SafeTruck's Hi-Viz Seat Belt Covers.

- 100% Polyester with Velcro closure for easy attachment
- Two reflective stripes for added night visibility
- Available in Orange and Yellow

**5-PANEL DUO-FLIP PLACARD**

The duo-flip system features 5 placard panels in a single frame. Placards meet D.O.T. specifications for transporting hazardous materials in bulk. The frames are constructed of corrosion resistant, fully formed rigid aluminum. Placard panels are made of aluminum alloy and mill roller coated with white acrylic paint baked at 400°. Panels lock in place with four stainless steel pressure fasteners. The numerals flip easily to give you any combination of 4-digit numbers. This system is available in brite mill finish.

The system includes:

- Corrosive 8
- Flammable 3
- Poison 6
- Combustible 3
- Blank Panel

P/N: 126CT

**8-PANEL STANDARD FLIP PLACARD**

This Heavy Duty Flip System includes 8 placard panels in a single frame. Placards meet D.O.T. specifications for transporting hazardous materials. The frames are constructed of corrosion resistant, fully formed rigid aluminum. Placard panels are made of aluminum alloy and mill roller coated with white acrylic paint baked at 400°. Panels lock in place with four stainless steel pressure fasteners. Available in brite mill aluminum finish or white.

The system includes:

- Poison 6
- Non-Flammable Gas 2
- Oxidizer 5.1
- Dangerous
- Flammable 3
- Flammable Gas 2
- Corrosive 8
- Blank Panel

**9-PANEL DUO-FLIP PLACARD**

For the ultimate in convenience, flexibility and time saving, the 9-panel duo-flip placard allows you to change both D.O.T. placards and ID numbers in seconds to match your commodity. This duo-flip 9-panel placard system includes 9 placard panels in a single frame. .032 aluminum alloy placard panels slide over easily on four aluminum hinges. Notches in the aluminum panels allow you to flip numerals without interference. Panels lock in place with four stainless steel pressure fasteners.

The system includes:

- Inhalation Hazard 2
- Flammable Liquid 3
- Poison 6
- Combustible 3
- Oxidizer 5.1
- Inhalation Hazard 6
- Corrosive 8
- Miscellaneous 9
- Blank Panel

P/N: 126-CTP

**17-PANEL PLACARD SYSTEM**

The full frame placard system includes 17 placard panels in a single frame. The frame is constructed of corrosion-resistant fully formed rigid aluminum. Even under the toughest road conditions this placard provides superior durability. Self-contained placard panels are constructed of aluminum alloy. Panels lock in place with 4 double-riveted stainless steel pressure fasteners. Changing D.O.T. placards when your load changes is as easy as the flip of a panel. This system eliminates the hassle and expense of replacing placards so D.O.T. compliance is at your fingertips.

The system includes:

- Dangerous Flammable Gas 2
- Poison 6
- Non-Flammable Gas 2
- Corrosive 8
- Flammable Liquid 3
- Oxidizer 5.1
- Organic Peroxide 5.2
- Explosive 1.4
- Spontaneously Combustible 4
- Flammable Solid 4
- Inhalation Hazard 6
- Dangerous When Wet 4
- Blasting Agents 1.5D
- Miscellaneous 9
- PG III
- Inhalation Hazard 2
- Blank Panel

P/N: 27HM206W

**THE EZ FLIP STICK**  
LOAD MEASURING STICK

**EZ-FLIP LOAD MEASURING STICK**

The EZ Flip Load Measuring Stick is a sturdy and lightweight load height measuring stick. Fits easily behind the backseat or in the trunk of any vehicle so it's available when you need it for measuring the height of a load or vertical access clearance.

- 4' horizontal bar pivots and locks into position with thumb screw
- Easy-to-read Standard and Metric scales
- 4-Section fiberglass telescoping pole
- Expands from 52.5" to 15'
- Includes a durable canvas storage bag
- Perfect for auto transport, heavy haul, pilot vehicles and law enforcement

P/N: LMS103

**NEW  
PUSH BUTTON  
DESIGN**

Compact, portable and easily fits into the backseat or trunk of your vehicle.

Lightweight & easy to use

Designed to be rugged and durable.

**27' MEASURING POLE**

The 27' Measuring Pole is perfect for measuring access clearance of bridges, overhangs, branches, and more exact measurements up to 27' are conveniently read on the height indicator, which is mounted to the bottom tier of the pole allowing it to remain in place.

**CLOSED**

Heavy-Duty Rubber Base

Lightweight, durable, and easy to use.

**GOOD-N-TIGHT® RATCHET TIGHTENING HANDLE**

The GOOD-N-TIGHT® Ratchet tightening handle gives you a “Mechanical Advantage” allowing everyone the ability to properly tension their ratchet straps, reducing your chances of bodily injury.

- Easily tightens 4”, 3” and 2” ratchet straps
- Made from high strength polycarbonate
- Lightweight: 1.5 lbs.
- Gain 3 times the leverage
- Increase leverage without damaging ratchet
- Can be used to check tires as well
- Made in the U.S.A.

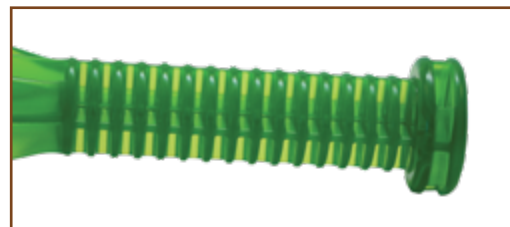

P/N: GNT2016

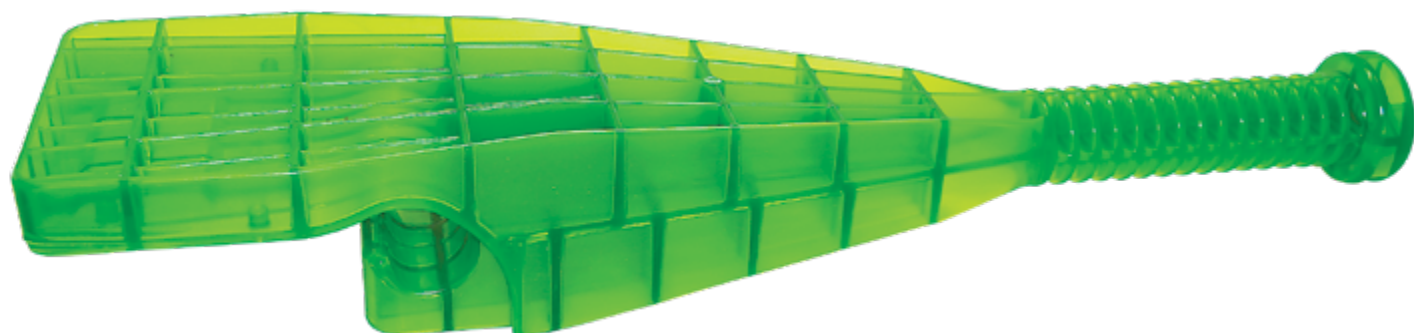

Fits 2”, 3”, & 4” ratchet straps.

Rugged and durable.

Thick handle supports a firm grip.

**“WHEN HAND TIGHT ISN’T TIGHT ENOUGH!”**

**THE TIE DOWN RATCHET WRENCH**

- Solid steel construction
- Heavy-Duty rubber handle
- Compact and easy to carry
- Built tough to last longer
- Made in the U.S.A.

P/N: MST115

**TANDEM AXLE STOP**

The Tandem Axle Stop is designed specifically for adjusting your tandem axles. The Tandem Axle Stop fits both old and new suspension types so it’s ideal for the fleet driver who pulls a different trailer regularly. The double ends also act as a counter balance to keep it firmly in place while sliding the frame to the desired location.

P/N: MST110

- **START** getting it right the first time, every time.
- **START** adjusting your tandems without a spotter.
- **STOP** guessing where to stop while adjusting your tandems at the scales or for tight curvy roads.
- **STOP** climbing in and out of your rig multiple times for each adjustment.
- **FITS** both 1.5” and 1.75” frame holes.

**How it works:**

1. Release and latch the tandem retaining pin lever.
2. Place the Tandem Axle Stop in the hole next to where you want the tandem retainer pins to catch.
3. Lock your trailer brakes.
4. Pull forward or reverse until the tandems hit the Tandem Axle Stop.
5. Ease pressure off the Tandem Axle Stop just a little so it is easier to remove.
6. Unlatch and reset the tandem retaining pin lever, locking-in the pins.
7. Remove the Tandem Axle Stop and go.

## THE EZ STEPPER IS EASY TO USE, CLIMB AND STORE!

### Specifications and Benefits:

- Fits all major truck tires
- Lightweight construction: 15 lbs.
- Dimensions: 24" (W) x 25" (H) x 2" (D)
- Maximum capacity of 400 lbs.
- All steel construction
- Powder coat finish
- 3 steps with safe non-slip tread
- Easy to transport and store with compact and foldable design
- Easily access hard-to-reach windows and flatbeds
- Designed by the trucker, for the trucker

**MIRROR MITTS**

**Helping to prevent accidents before they happen.**

The Mirror Mitt is a safe way to protect technicians servicing trucks. For 6 years, Mirror Mitts have been a safety tool used by some of the largest transportation companies in North America and Canada.

Mirror Mitts consist of two thick pieces of moisture proof, OSHA yellow foam bonded together with velcro one-wrap and a large safety message printed on both sides.

**Mirror Mitts will:**

- Reduce work related injuries
- Promote safety in the workplace
- Reduce the number of workers' compensation claims
- Show inspectors that you are safety conscious in your workplace, which makes the inspection process easier on your company
- Easy to use. Just grab on to both sides, squeeze on then squeeze off

P/N: MSMM-101 (Sold In Pairs)

**WORKPADDS™**

WORKPADDS™ are a soft but firm, SUPER comfortable, flat kneepad built for safety. An ultra soft solution to cold, hard surfaces. Take the pain out of working on vehicles, equipment, or stocking shelves.

Safety WORKPADDS™ are treated foam rubber for light work, home or recreational use.

- Will not absorb moisture
- Will not split, crack, or dry out
- Easy to clean
- Durable material for a long life
- Built-in handle for carrying or hanging
- 18" Long x 7" Wide x 3/4" Thick

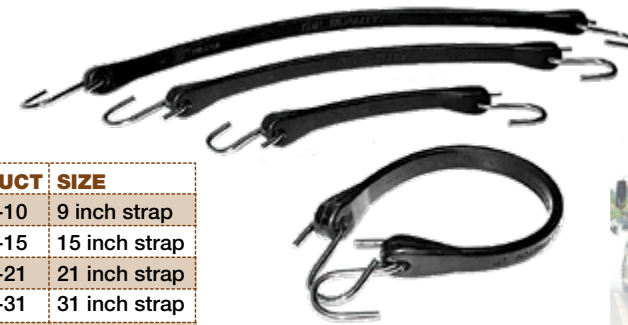

P/N: MSWP-101

**EPDM RUBBER TARP STRAPS**

Straps are designed for securing tarp covers on flatbed trailers.

- 100% EPDM Synthetic Rubber Polymer
- Available lengths: 9", 15", 21", 31" and 41"

**OUT OF SERVICE STEERING WHEEL COVERS**

Our reinforced vinyl covers have a screen-printed warning message that fits over a standard steering wheel.

- Stitched pocket allows upper half to slip over the back of the steering wheel
- 3/8" metal grommet on the bottom half accommodates a 1½" hasp, padlock or zip tie to secure the cover to the steering wheel

**DANGER: DO NOT OPERATE OR MOVE**

Notify people of the danger of operating the vehicle in both English and Spanish with this handy steering wheel warning cover.

20" - P/N: KDD724

**CAUTION: VEHICLE BEING SERVICED**

Ensure a vehicle is not accidentally operated while being serviced by placing this cover over the steering wheel.

20" - P/N: KDD727

**DANGER: DO NOT OPERATE OR MOVE VEHICLE**

Notify people of the danger of operating the vehicle to prevent potential injuries or accidents.

20" - P/N: KDD725

24" - P/N: KDD736

**OUT OF SERVICE WARNING FLAG**

High visibility fluorescent orange knit polyester flag. A great way to prevent accidental hook-ups to an out-of-service trailer. Get your trailers marked and noticed effortlessly. Ideal for use with our popular Flag-Mag. (Page 10)

P/N: FW500C-00S

**"OUT OF SERVICE" LABEL**

The perfect option to identify inoperable vehicles and equipment waiting for repairs.

- Printed on destructible paper with a permanent adhesive
- Use on glass only
- Matte clear coat for UV resistance, color stabilization and ink pen writable
- Easily remove from window with razor blade
- Sold in rolls of 100 labels

P/N: D500

**METAL CARGO SEAL**

Economy Flat Metal Truck and Cargo Seal. Pre-printed and numbered.

- Breaking Strength:** 125 lbs.(56.7 kg)
- Carton Size:** 17" x 15" x 12" per carton
- Weight:** 12 lbs 5/16" (21.6 cm x 7.9 mm)
- Standard:** 5,000 cargo seals  
100 seals per bundle

**Printing:** One line up to 17 spaces  
Consecutive numbers up to 7 digits  
Logos available

**To apply:** Self locking, no tools required  
**Minimum order:** 1000

P/N: MSFC2

**PLASTIC CARGO SEAL**

All purpose high-density copolymer door seal. Serialized, these stock door seals can be used for sealing trucks, trailers and containers. Sold in packs of 100.

Minimum order: 100

P/N: MSC4001 (MS. CARITA)

**RETRACTABLE CB MIC KEEPER®**

No more fumbling around trying to hang your CB mic. Grab your mic, use it, let it go - it retracts back up to the headliner. Includes mounting hardware to attach CB Mic Keeper to headliner. Simplify your CB set-up!

**Standard Model RT4-4112**

- For Use with Standard Mics
- Retracting Tether Suspends Mic from Headliner
- 2X the Spring Life and Longer Extension
- Nylon Coated Stainless Steel Cable
- Nylon/Elastic Mic Lanyard
- Stainless Steel Spring and Hardware
- 28" Extension
- 9 oz. Retractable Force
- 60 lbs. Breaking Strength

P/N: RT4-4112

**Heavy Duty Model RT3-4112**

- For Use with Heavy Mics, Metal-Cord Models, for When Longer Extension is Needed
- Locking Mechanism Allows Mic to be Locked in Any Position
- Retracting Tether Suspends Mic from Headliner
- 2X the Spring Life and Longer Extension
- Nylon Line with Kevlar Core
- Nylon/Elastic Mic Lanyard
- Stainless Steel Spring and Hardware
- 42" Extension
- 12 oz. Retractable Force
- 80 lbs. Breaking Strength

P/N: RT3-4112

**AC DELCO ALKALINE BATTERIES**

AC Delco Batteries have a long lasting life and consistent quality that provides the reliability you need.

P/N: ACAA4

P/N: ACAA44

P/N: ACC2

P/N: ACD2

P/N: AC9V1

**POWERMAX HEAVY DUTY BATTERIES**

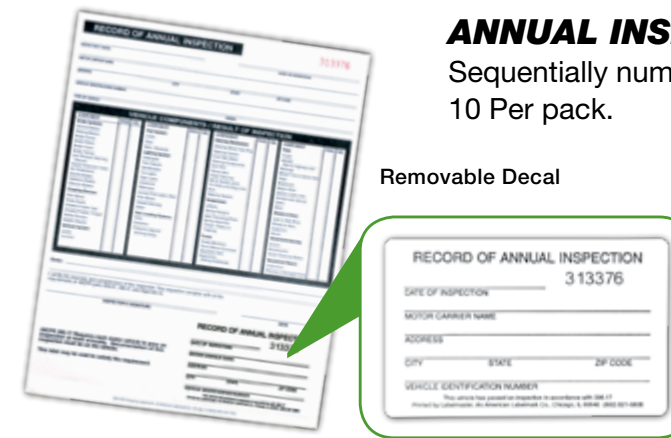

Powermax Heavy Duty Batteries are the perfect choice for your flashlights or other low drain devices. Great product for a low price.

P/N: PMAA4

**ANNUAL INSPECTION FORM WITH DECAL**
